

JARVIS FIRST-TIME USER MANUAL

Aapka Complete 'Kaise Use Karein' Guide: Agar aap ye bologe ya karoge -> toh Jarvis ye karega!

■ PEHLI BAAR START KAISE KAREIN:

1. Terminal kholiye aur type karein: `cd C:\RealJarvis_v2\RealJarvis`
2. Run karein: `venv\Scripts\python.exe main.py`
3. Screen par Jarvis ka floating animated widget aa jayega. Bas mic par '**Jarvis**' boliye aur baat karna shuru karein!

1. Jarvis Ko Jagana Aur Baat Karna

Agar aap YE KAROGYE ya BOLOGE...	Toh Jarvis YE KAREGA...	Real-Life Example
Bolo: ' Jarvis '	Jarvis mic chalu karke blue eye mein convert ho jayegi aur aapki baat sunegi.	'Jarvis, aaj mausam kaisa hai?'
Do baar taali (clap) bajao	Bina kuch bole taali ki aawaz se Jarvis wake up ho jayegi.	Jab aap laptop se thoda door baithe hon.
Jarvis bol rahi ho aur aap beech mein bol padho (Barge-in)	Jarvis turant bolna band kar degi aur aapki nayi baat sunne lagegi.	Agar Jarvis lambi kahani sunane lage toh bas bolo 'ruko'.
Bolo: ' So jao ' ya ' Band ho jao '	Jarvis apni aankhein band karke sleeping mode mein chali jayegi.	Jab aapko koi disturb nahi chahiye.
Bolo: ' Chat mode on '	Floating icon ek dark text chat window mein badal jayega jahan aap type karke chat kar sakte hain.	Jab mic use nahi karna ho aur typing karni ho.

2. Proactive Actions: Jab aap kuch karenge, Jarvis bina puche khud kya karega

Jab AAP laptop par YE KAROGÉ...	Toh JARVIS background mein YE KAREGA...	Aapko Aage KYA BOLNA HAI...
Kisi code mein error ho aur aapne use Ctrl+C (Copy) kiya	Jarvis error detect karke background mein fix karegi, theek code clipboard par daalegi aur bolegi: 'Maine code fix kar diya hai.'	Bolo: 'replace karo' ya 'paste karo' → Seedha theek code cursor par paste ho jayega.
Charger connect ya disconnect karoge	1 second ke andar Jarvis bolegi: 'Charger connect ho gaya hai' ya 'Charger disconnect ho gaya hai'.	Kuch nahi bolna, bas status confirm hoga.
Battery 25% se 30% ke beech aa gayi aur charger nahi laga	Jarvis warning degi: 'Boss, battery 28% par hai. Laptop 25% par lock hota hai, please charger lagaiye.'	Charger connect kar lijiye taaki laptop band na ho.
Internet se koi PDF / ZIP / App download ki	Download complete hote hi bolegi: 'Aapne [File Name] download kiya hai, kya ise open ya organize kar doon?'	Bolo: 'open karo' (file khulegi), 'organize karo' (folder mein jayegi), 'extract karo' (unzip hogi).
College/Exam/Job ka koi urgent email aaya	Jarvis alert bolegi: 'Boss, [Subject] par urgent email aaya hai.'	Bolo: 'haan sunao' (2-line summary degi), 'inbox kholo' (Gmail khulega).
Zoom / Google Meet call start hui	Jarvis Meeting Shield ON karke पूरी तरह silent ho jayegi taaki meeting mein aawaz na jaye.	Meeting khatam hone par normal ho jayegi.
Terminal mein koi library missing aayi (e.g. ModuleNotFoundError: fastapi)	Jarvis bolegi: 'fastapi library missing hai. Kya main install kar doon?'	Bolo: 'haan install karo' → Background mein `pip install` chal jayega.

3. Daily Workflows: Bolkar Kaam Karwane Ka Cheatsheet

Situation / Kaam	Aapko YE BOLNA HAI...	Jarvis KYA KAREGA...
LeetCode question par atke hain	' hint do ' ya ' approach kya hogi '	Screen dekhkar bina full answer spoil kiye 2 line ka smart algorithm intuition bolegi.
Lamba Article ya Docs padhna hai	' page samjhao ' ya ' summary sunao '	Screen padhkar 3 bullet points mein bolkar samjha degi.
YouTube par video dekh rahe hain	' 10 second aage karo ' / ' peeche karo ' ' video speed badhao ' ' subtitles on karo ' ' theater mode '	Bina keyboard touch kiye video forward/rewind, 1.5x/2x speed aur captions switch karegi.
Desktop par bohot saari files bikhari hain	' desktop organize karo '	Sabhi files ko Documents, Code, Screenshots, Videos, Archives folders mein auto-sort kar degi.
Downloads mein bohot kachra ho gaya hai	' purani files saaf karo '	30 din se purani heavy files dhoondhkar puchegi aur Recycle Bin mein safe move karegi.
Port 3000 / 8000 busy aa raha hai	' port 3000 free karo '	Port 3000 ke ghost background process ko dhoondhkar kill kar degi.
Din bhar ka code Git par save karna hai	' aaj ka kaam save karo '	Git changes dekhkar AI se meaningful commit message banakar repo commit karegi.
Jarvis ko apna naya routine sikhana hai	' jab main boloon morning setup toh spotify aur vs code kholo '	Jarvis ise yaad kar legi! Agli baar bas 'morning setup' bolo, dono khul jayenge.
System health aur status janna hai	' apna health check karo '	Sabhi 10 sentries, battery aur memory ko test karke full status debrief bolegi.

4. Pehle Din Ka Quick Checklist

■ PRO-TIPS FOR BEST EXPERIENCE:

- **Natural boliye** — Hindi, English, ya Hinglish kisi mein bhi baat karein.
- **Bejhijhak rokiye** — Agar Jarvis bol rahi hai aur aapko kuch aur chahiye, beech mein bol dijiye (Barge-in on hai).
- **Background mein chalne dein** — Jarvis ko start karke minimize kar dein, wo background mein silent guardian ki tarah aapke hardware aur files ka dhyan rakhegi!
